

## Bargains Galore at 'The Store' - Mason's Chandlery Scratch and Dent Sale

So, what is a Scratch and Dent Sale?

Simply that, the staff at The Store - Mason's Chandlery scour their supplier's inventory for discontinued products, some with nicks in them and any outdated electronics and add to that any slow moving products that they just want to get rid of, and sell it all at great prices.

They also load up bins mixed with fasteners, turnbuckles with out ends, and lonely boat bits with out a home, and invite you to come and mix and match. It's like an old fashion yard sale.

It is an attraction of The Store at the Boat Show all three days right out front, under the tent. See you there!
