

2009 - Speaker's Tent features The Shards!

Paul and I are home now for the summer after another great cruise of the Bahamas as well as the Leeward Islands of the Caribbean aboard our Southerly 42, Distant Shores.

"Shallow Draft Cruising in the Caribbean and Bahamas" The topic of this year's presentation is "Shallow Draft Cruising in the Caribbean and Bahamas" and will cover our preparations, route, and adventures from Toronto down the ICW to the Bahamas and Caribbean with our new boat. Since we've made this same trip in our deep draft Classic 37, "Two-Step" we'll talk about the pros and cons of shallow draft cruising versus deep draft cruising and the differences in our experiences in the same places with each boat.
